Extracto

I am a passionate software engineer. I really enjoy coding modern web and mobile applications using cutting edge technologies. I am convinced that the best way to create amazing software is with an enthusiastic and enterprising team that is not afraid to evolve into improvement.

I have more than 2 years of experience developing software for companies in different sectors: Construction and drilling, Financial, Educational and Research.

I am an entrepreneur enthusiast, I continually find myself meeting and helping people to achieve their goals.
